(Reference: Notice [REDACTED])

1. The records of the Headquarters Motor Pool indicate that chauffeur-driven sedan service is being utilized extensively between points which are on or in the vicinity of the regularly scheduled Agency shuttle bus routes. The extent of such usage establishes the probability that many of these trips are unauthorized inasmuch as passenger sedan service to points on or in the vicinity of regularly scheduled Agency shuttle bus routes is authorized to only a few high level Agency personnel. Use of vehicles in the manner indicated above by persons not authorized chauffeur-driven sedan service between such points has resulted in delay or cancellation of requests for authorized service to points not on or in the vicinity of the Agency shuttle bus routes.

2. Strict compliance with paragraph 3.b.(2) of Notice [REDACTED] dated 22 December 1953, is essential in order for the Headquarters Motor Pool to promptly and efficiently service requests for authorized trips with its present fleet of chauffeur-driven vehicles. Paragraph 3.b.(2) of this Notice states:

"Requests for motor pool service will not be made for the transportation of employees between points on or in the near
